

2 Way Super Flow Ball Valve

Large, light-weight 2 way LDH ball valve. Feed two LDH hoses from a single LDH line or one LDH hose from two LDH hoses. The Super Flow ball valve has low friction loss due to a high flow water way design. Hard anodized balls with stainless steel tappets for corrosion resistance. This design permits feed from either direction. Includes adjustable pressure relief valve for added safety. Specify the size of Storz or NST connections.

- ✓ Anodized valve balls for corrosion resistance
- ✓ Low friction loss
- ✓ Quarter turn valves
- ✓ Field adjustable pressure relief valve

Technical data:

Length:	18"
Height:	16"
Width:	12"
Weight:	47 lbs
Pressure rating:	250 psi
